There's no such thing as incredibly good deal!

Recognize online fraud - in time!

Unbelievable, but online we are doing a whole lot of nonsense, which in everyday life would never do!

The European Cyber Security Month (ECSM) is an EU advocacy campaign. It promotes cyber security among citizens and advocates for change in the perception of cyber-threats, by promoting data and information security, education, sharing of good practices and competitions. Supported by ENISA and EC DG CONNECT.

Achievements & Metrics

1 ONLINE MEDIA CAMPAIGN:
We prepared online media campaign, based on targeting average user at the point, where the most web frauds happen at online shopping and other online payments, spending time on social media.

2 ONLINE QUIZ & SAFE NEWS:
Very sucessful online quiz "Scams hunter" and 420 new subscribers for our "Safe news".

3 GROWING COMMUNITY:
Growing homogene web community on Twitter, Facebook and web portal. More logged web frauds each year. No. 1 community for average user web safety in Slovenia.
