In the light of the National Cybersecurity Strategy, the National Cybersecurity Council boosts these activities.

Multilevel focus: public, private and citizens.

The activities are focused on increasing the cybersecurity culture: training, awareness and knowledge.

The European Cyber Security Month (ECSM) is an EU advocacy campaign. It promotes cyber security among citizens and advocates for change in the perception of cyber-threats, by promoting data and information security, education, sharing of good practices and competitions. Supported by ENISA and EC DG CONNECT.
